

Unit 10:

Enjoy your holidays!

Lesson 1:

Our yearbook

1

This is Eva's entry from the school yearbook. Read it and answer the questions that follow:

Hi! My name is Eva Maldini. I am a new student in this school. I come from the USA. My mother is Greek and my father is Italian. They are architects. I like it here in Athens and I like my school and my new friends. My favourite sport is volleyball and my hobby is playing computer games. My favourite subject is Environmental Studies, because I like learning about the Nature and animals. My favourite animal is the caretta caretta sea turtle and I am sorry that it's an endangered species. I try to protect the environment and I give my old books for recycling. When I grow up, I want to be a volunteer for Environmental Organizations like WWF or Greenpeace.
